

§ 3715.0-1 What are the purpose and the scope of this subpart?

(a) *Purpose.* The purpose of this subpart is to manage the use and occupancy of the public lands for the development of locatable mineral deposits by limiting such use or occupancy to that which is reasonably incident. The Bureau of Land Management (BLM) will prevent abuse of the public lands while recognizing valid rights and uses under the Mining Law of 1872 (30 U.S.C. 22 *et seq.*) and related laws governing the public lands, regardless of when those rights were created. BLM will take appropriate action to eliminate invalid uses, including unauthorized residential occupancy of the public lands.

(b) *Scope.* This subpart applies to public lands BLM administers. They do not apply to state or private lands in which the mineral estate has been reserved to the United States. They do not apply to Federal lands administered by other Federal agencies, even though those lands may be subject to the operation of the mining laws.

(c) This subpart does not impair the right of any person to engage in recreational activities or any other authorized activity on public lands BLM administers.

§ 3715.0-3 What are the legal authorities for this subpart?

The authorities for this subpart are 18 U.S.C. 1001, 3571 *et seq.*; 30 U.S.C. 22, 42, 612; 43 U.S.C. 1061 *et seq.*, 1201, 1457, 1732 (b) and (c), 1733 (a) and (g).

§ 3715.0-5 How are certain terms in this subpart defined?

As used in this subpart the term:

Mining laws means all laws that apply to mining of locatable minerals on public lands and which make public lands available for development of locatable minerals. This includes, but is not limited to, the general authorities relating to mining of locatable minerals or to the public lands on which this subpart is based and case law which interprets those authorities.

Mining operations means all functions, work, facilities, and activities reasonably incident to mining or processing of mineral deposits. It includes building roads and other means of ac-

cess to a mining claim or millsite on public lands.

Occupancy means full or part-time residence on the public lands. It also means activities that involve residence; the construction, presence, or maintenance of temporary or permanent structures that may be used for such purposes; or the use of a watchman or caretaker for the purpose of monitoring activities. Residence or structures include, but are not limited to, barriers to access, fences, tents, motor homes, trailers, cabins, houses, buildings, and storage of equipment or supplies.

Permanent structure means a structure fixed to the ground by any of the various types of foundations, slabs, piers, poles, or other means allowed by building codes. The term also includes a structure placed on the ground that lacks foundations, slabs, piers, or poles, and that can only be moved through disassembly into its component parts or by techniques commonly used in house moving. The term does not apply to tents or lean-tos.

Public lands means lands open to the operation of the mining laws which BLM administers, including lands covered by unpatented mining claims or millsites.

Prospecting or exploration means the search for mineral deposits by geological, geophysical, geochemical, or other techniques. It also includes, but is not limited to, sampling, drilling, or developing surface or underground workings to evaluate the type, extent, quantity, or quality of mineral values present.

Reasonably incident means the statutory standard "prospecting, mining, or processing operations and uses reasonably incident thereto" (30 U.S.C. 612). It is a shortened version of the statutory standard. It includes those actions or expenditures of labor and resources by a person of ordinary prudence to prospect, explore, define, develop, mine, or benefit a valuable mineral deposit, using methods, structures, and equipment appropriate to the geological terrain, mineral deposit, and stage of development and reasonably related activities.

Substantially regular work means work on, or that substantially and directly benefits, a mineral property, including

§ 3715.1

nearby properties under your control. The work must be associated with the search for and development of mineral deposits or the processing of ores. It includes active and continuing exploration, mining, and beneficiation or processing of ores. It may also include assembly or maintenance of equipment, work on physical improvements, and procurement of supplies, incidental to activities meeting the conditions of §§ 3715.2 and 3715.2-1. It may also include off-site trips associated with these activities. The term also includes a seasonal, but recurring, work program.

Unnecessary or undue degradation, as applied to unauthorized uses, means those activities that are not reasonably incident and are not authorized under any other applicable law or regulation. As applied to authorized uses, the term is used as defined in 43 CFR 3802.0-5 and 3809.0-5.

[61 FR 37125, July 16, 1996, as amended at 62 FR 59822, Nov. 5, 1997]

§ 3715.0-9 Information collection.

(a) BLM has submitted to the Office of Management and Budget the infor-

mation collection requirements contained in this subpart under 44 U.S.C. 3507 and the Paperwork Reduction Act of 1995 and assigned clearance number 1004-0169. BLM collects the information so that it may manage use and occupancy of public lands under the mining laws by prohibiting unauthorized uses and occupancies. A response to BLM is mandatory and required to obtain the benefit of occupying the public lands for reasonably incident activities.

(b) BLM estimates the public reporting burden for this information to average two hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Information Collection Clearance Officer (DW-110), Bureau of Land Management, Building 50, Denver Federal Center, Denver, Colorado 80225-0047, and the Office of Management and Budget, Paperwork Reduction Project, 1004-0169, Washington, DC 20503.

§ 3715.1 Do the regulations in this subpart apply to my use or occupancy?

To determine if the regulations in this subpart apply to your activities, refer to Table 1 in this section.

TABLE 1

Applicability of this subpart	
If your proposed use of the public lands— Includes occupancy and is "reasonably incident" as defined by this subpart.	Then— The provisions of this subpart apply to you. You must seek concurrence from BLM before beginning this use and comply with all provisions of this subpart.
Involves the placement, construction, or maintenance of enclosures, gates, fences, or signs.	The provisions of this subpart apply to you. You must seek concurrence from BLM before beginning this use and comply with all provisions of this subpart.
Is reasonably incident, but does not involve occupancy.	The provisions of this subpart do not apply to you, except for §§ 3715.4, 3715.5 and 3715.7. You are subject to the applicable regulations in 43 CFR part 3800.
Is <i>not</i> reasonably incident (involving rights-of-way, for example), but may be allowed under the public land laws.	The occupancy consultation provisions of this subpart do not apply to you. Your use is not allowed under this subpart. You must seek authorization under 43 CFR Group 2900.
Is not allowed under the public land laws, the mining laws, the mineral leasing laws, or other applicable laws.	Your use is prohibited. You must not begin or continue unauthorized uses.
Involves occupancy of a site, or any subsequent site within a 25-mile radius of the initially occupied site, for 14 days or less in any 90-day period.	The provisions of this subpart do not apply to you. Refer to the applicable regulations in 43 CFR part 8360 and pertinent State Director supplementary rules. 43 CFR part 8360 will not otherwise apply to a reasonably incident use or occupancy that this subpart allows.
